ARMY BULLETIN NO. 37

6 June 2003

EXTERNAL ENVIRONMENTAL COMPLIANCE ASSESSMENT SURVEY (ECAS)

The Army Environmental Compliance Assessment Survey (ECAS) keeps states informed of their environmental compliance status for the purpose of better protecting the environment and to avoid penalties and fines from Federal and State Environmental Regulatory Agencies. The National Guard Bureau (NGB) and Contractor assisted ECAS is typically done every four years.

The NGB and contracting personnel are scheduled to conduct the ECAS for the NJARNG during the period of 13-19 July 2003. During the assessment, the facilities overall program management, compliance with environmental laws, Department of Defense Directives (DODD) and Instructions (DODI), Executive Orders, Army regulations and areas of environmental concern will be addressed.

It is anticipated all facilities will be assessed and should be prepared, however, the specific dates for each location have not been finalized. The schedule will be distributed when final travel arrangements have been made by NGB and the assigned contractor. POC for questions and further information is Mr. Joseph Dunleavy, ECAS Program Manager at 609 530-7134.
